August 23, 2020 Medical Mission to Haiti

This is a photograph of the local hospital on a normal day in Hinche, Haiti when there was no global pandemic. Conditions were austere and depressing. It is difficult for us to imagine the current impact of Covid 19 on the hospital. Patients are in fear of going to the hospital. The medical clinic at our twin Sacre Coeur Parish is experiencing a much higher volume of patients. The afflicted are being comforted, and the sick are being cared for with the welcoming arms of Father Faublas and the doctors and staff of the Whitney Clinic. New blood pressure cuffs and pulse oximeters were needed and provided through the generous donations of St. Monica's Parish. The US medical team is in close contact with the Hattian medical team at the clinic as we work through the present challenges. Please continue to support this mission by giving generously to this week's second collection Medical Mission to Haiti

September 6 Building God's Kingdom from Within

Building God's Kingdom from Within is more than just a capital campaign, it is a call to deeper conversion in worship of God in spirit and truth, physically and spiritually relaying that Jesus is indeed, truly present here. This interior renovation and beautification of our sanctuary and church will strengthen our communion with the Lord, and evangelize current and future Catholic generations. The space constructed where our parish family joins together has served us well; now it is time to fulfill our original vision by renewing, elevating and glorifying God in this space, which will serve us to be family in life eternal.

September 6 Catholic University

Parishes in your arch/diocese will be taking up the National Collection for The Catholic University of America in Washington, D.C. Now, more than ever, the University is strategically positioned to pave the way forward and help the laity play a significant role in healing. Through hosting a conference series focused on laity response, and in creating an Institute for Diocesan Excellence in Administration (IDEA) where lay scholars and professionals can support clergy by providing expertise and accountability, Catholic University will serve as a springboard in renewing and strengthening Catholicism in our country. Your support of the National Collection will help us solve issues within the Church and educate graduates who will leave campus ready to impact the Church, the nation, and the world. We appreciate your generosity. You can learn more at: collection.catholic.edu.
